Voting Record of the 111th Congress, Second Session

NETWORK's voting record is an attempt to show where members of Congress stand on issues of concern to us and our members. Often, it is difficult to select the specific bills because there is rarely a vote on a "perfect" bill that contains everything we support and nothing we oppose. So it takes some analysis to select and score the votes.

The year 2010 included a historic vote on healthcare, a contentious compromise on taxes and unemployment

benefits, and last-minute votes on major issues such as DREAM and New START. (In fact, we had to extend our printing deadline to accommodate the flurry of votes in late December.) Throughout the year, there were votes on many issues that affect people who are struggling in these

hard economic times, and it proved hard at times to pass bills to help them.

We had one bill (H.R. 4213) that, at various points in its five-month journey through Congress, had provisions for extended unemployment benefits, COBRA health benefits, TANF emergency funding, aid to states for Medicaid, and tax credits for job creation. It ended up providing only a temporary extension of unemployment benefits. Some of its other provisions were included in other

larger bills; some were extended temporarily.

You'll see evidence of extreme partisanship (party-line voting) in the votes. We hope the new Congress will be less partisan and more compassionate.

SENATE Voting Record 2010

Patient Protection and Affordable Care Act Vote #396 (H.R. 3590)

Healthcare reform, when fully implemented, will provide healthcare to 30 million more people in the United States. It does this by mandating individual coverage, expanding Medicaid to all people in poverty, creating subsidies for people above the poverty level and small businesses, and forming state exchanges for the sale of insurance in a competitive market place. It continues the prohibition of the use of federal funds to pay for abortion and includes the Pregnant Women Support Act so that pregnant women have alternatives to abortion. NETWORK supported this bill.

Passed 60-39, December 24, 2009

Amendment to Extend the TANF Emergency Fund Vote #45 (S. Amdt. 3356 to H.R. 4213)

This amendment would have extended the TANF Emergency Fund through fiscal year 2011 and provided funding for summer employment for youth. NETWORK supported this amendment as both parts are strong creators of jobs for marginalized groups with the highest rates of unemployment.

Failed 55-45 (needed 60 votes to pass), March 9, 2010

Health Care Reconciliation Vote #105 (H.R. 4872)

This bill made a number of health-related financing and revenue changes to the Patient Protection and Affordable Care Act and modified higher education assistance provisions. NET-WORK supported this bill, which adjusted elements of the healthcare bill by including: increased subsidies for low-wage workers, increased employer contribution toward employee subsidies, closing the Medicare Part D prescription drug "donut hole," and removal of some "fee-for-service" incentives from Medicare.

Passed 56-43, March 25, 2010

Continuing Extension Act of 2010 Vote #117 (H.R. 4851)

This bill extended the date until which long-term unemployed people could register for extended benefits until June 2, 2010. It also extended assistance with COBRA premiums until May 31. NETWORK supported this bill, but was disappointed that benefits had been allowed to expire, with significant costs to states for un-enrolling and re-enrolling those eligible. NETWORK also advocated for a longer extension.

7

Passed 59-38, April 15, 2010

Financial Regulatory Overhaul/Conference Report • Vote #208 (H.R. 4173)

This bill established rules to overhaul the financial services sector, create new regulatory mechanisms to assess risks posed by very large financial institutions, and facilitate orderly dissolution of failing firms. NETWORK supported this attempt at oversight and transparency of financial institutions that have contributed to the recession.

Passed 60-39, July 15, 2010

Unemployment Compensation Act of 2010 Vote #215 (H.R. 4213)

This bill extended the registration deadline for long-term employment benefits to November 30, 2010 with 100% federal funding. However, the bill as passed did not include COBRA assistance, elimination of the 25% decrease in doctors' reimbursements, or an extension of the TANF Emergency Contingency Fund. NETWORK supported this bill despite our disagreement with its loss of critical supports to lower-wage workers who are unemployed.

Passed 59-39, July 21, 2010

Medicaid and Education Assistance/ Motion to Concur • Vote #228 (H.R. 1586)

This bill provided \$26.1 billion to help states pay for Medicaid and to aid efforts by state and local governments to retain or hire teachers and other education personnel. NETWORK supported this bill, as it will help hold down unemployment and allow these workers to contribute to federal and state revenues.

Passed 61-39, August 5, 2010

Democracy is Strengthened by Casting Light on Spending in Elections Act (DISCLOSE Act)/Cloture Vote #240 (S. 3628)

This bill required corporations and unions to disclose the chief donors (over \$10,000) in their campaign advertising. NET-WORK supported this bill to control corporations' ability to spend millions of dollars to sway elections anonymously.

Failed 59-39 (needed 60 votes to pass),

Paycheck Fairness Act/Cloture Vote #249 (S. 3772)

This bill amended the Fair Labor Standards Act of 1938 to provide more effective remedies to victims of gender discrimination in the payment of wages. NETWORK supported this bill, given that women still receive only about \$0.70 for every dollar earned by men doing the same work.

Failed 58–41 (needed 60 votes to pass), November 17, 2010

Tax Relief, Unemployment Insurance Reauthorization and Job Creation Act Vote# 276 (S. Amdt. 4753, substitute to H.R. 4853 Middle Class Tax Relief Act of 2010)

This bill extended access to unemployment benefits to long-term unemployed people for the next year. It provided a two-year extension of tax benefits to many low- and middle-class taxpayers – including the Child Tax Credit and the EITC—and held the income tax rate at the current level. It cut the employ-ee portion of the Social Security payroll tax by 2% for one year. There were additional tax incentives to small businesses for job creation and for development of the clean energy industry. The Alternative Minimum Tax was also "fixed" for two more years. NETWORK supported this bill as critical for the survival of households struggling for economic survival, but we were disappointed that those with the highest incomes continued to receive extremely high benefits from the tax cut extensions and in the extremely generous estate tax provisions.

Passed 81-19, December 15, 2010

Development, Relief, and Education for Alien Minors Act of 2010 (DREAM)/Cloture Vote #278 (H.R. 5281)

This bill readjusted the status of undocumented high school graduates (or GED recipients) who have lived in the United States for a consecutive five years, who pursue higher education or give two years of military service, and who meet other requirements. NETWORK supported this bill as a first step toward comprehensive immigration reform.

Failed 55–41 (needed 60 votes to pass), December 18, 2010

Ratification of the New Strategic Arms Reduction Treaty (New START) Vote #298 (Treaty Doc #111-5)

NETWORK supported the ratification of this treaty with Russia to reduce arsenals of nuclear weapons. The treaty required each side to reduce its arsenal by 30%. It also reinstated monitoring and verification processes, allowing each side to inspect the other side's nuclear facilities. The president signed the treaty on April 24, 2010, and then sent it to the Senate for advice and consent before ratification.

Passed 71–26 (needed 67 votes for ratification), December 22, 2010

Energy Efficiency Loan Programs Vote #530 (H.R. 4785)

This bill authorized \$5 billion over five years to create two energy efficiency loan programs: Home Star Energy Efficiency Loan Program and Rural Star Savings Energy Program. NETWORK supports programs such as these since they help low- and moderate-income households become more energy efficient at low interest rates.

Passed 240-172, September 16, 2010

9 Healthy Hunger-Free Kids Act Vote #603 (S. 3307)

This reauthorization of the child nutrition programs (including School Meals, WIC and Summer Meals) was critical in providing additional funding to improve the quality of food and while helping to provide sufficient food to meet current need. NETWORK supported the bill with reservation. Its offset from the SNAP program was not ideal, and more funding is needed to ensure that all eligible children are reached. (Note: this bill was previously passed by the Senate with a voice vote.)

Passed 264-157, December 2, 2010

10. Middle Class Tax Relief Act of 2010 Vote #604 (H.R. 4853)

This bill permanently reduced tax rates for capital gains and dividends, and income tax rates for taxpayers with income is \$200,000 or less (\$250,000 for married couples filing joint tax returns). It also included tax benefits related to children and adoption, marriage penalty relief, and education tax relief. NETWORK supported this bill as a strong support to 98% of the American households.
